About:

AltaPoint Data Systems, LLC has been providing software solutions for vertical markets for more than a decade - serving a number of industries including healthcare, and law.

Benefits of LiveCode:

Native deployment to four platforms from a single code base. Visibility on Google Play, and the iTunes App stores. Highly readable source code that is manageable and easy to maintain.

Cross Platform and Cloud Based Legal Practice Management Software

Introduction

The Challenge:

To create an application that works the way a busy attorney works.

An app that works on the most popular platforms available today which include iOS, Android, Mac and Windows.

The app must be native to each device and platform.

The app must work off-line and synchronize data to the attorney's office computer, home computer, laptop, and tablet.

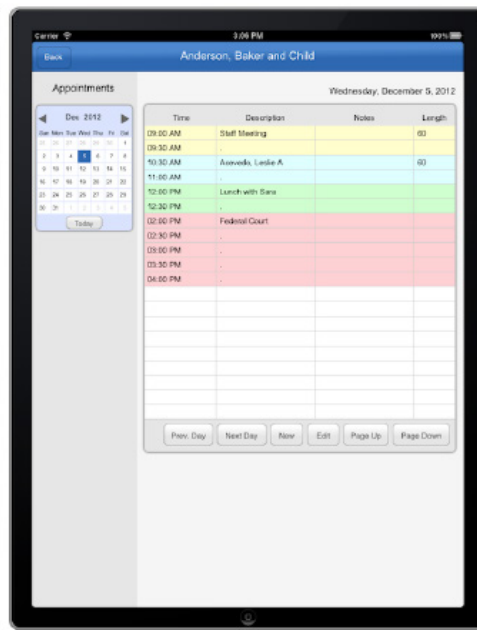

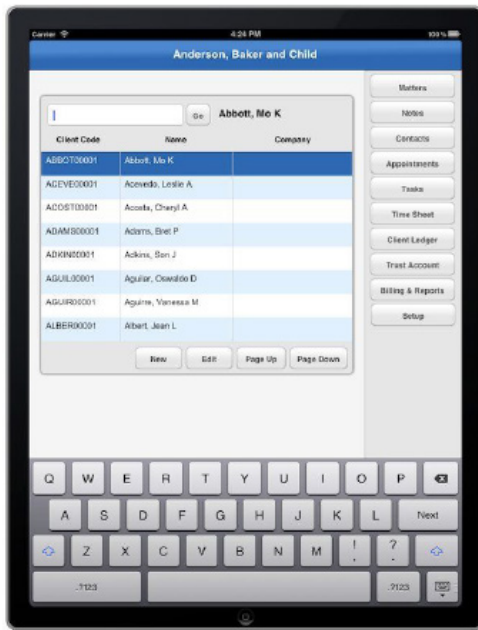

The app must also share data with all of the staff in the firm.

Douglas E. Lyman – President at AltaPoint said:

"Our customers are delighted with the integrated MatterCat Legal Practice Management solution and it provides everything an attorneys needs to manage time, cases, and client billing"

including:

- Task Management
- Client Ledger and Statements
- Conflict Avoidance
- Trust Accounting
- Management Reports
- Voice Recognition
- Time and Billing
- Case Management
- Calendar
- Cloud Synchronization

Douglas E. Lyman –
President at AltaPoint said

“MatterCat can work offline when internet access is either not available or slow. When full WiFi access is returned, MatterCat automatically synchronizes data back to the Cloud. This provides outstanding productivity.”

About RunRev

Founded in 1997, RunRev is a technology company committed to making scalable software development fun, easy and accessible to everyone. To achieve this RunRev has created LiveCode.

About LiveCode

LiveCode is an award winning, high level, cross platform, integrated development environment.
